Shotguns

Mr. M. Ilker Izmirlioglu, who is the owner of both manufacturing and exporting companies Armed Guns Mnf. Co. and Izmirlioglu Av Malz., has established the companies in 2006 in Izmir – Turkey.

The idea was to bring the honesty, reliability, quality and a good after sale service for gun business.

He did all this things and started exporting his products to 40 countries all around the world.

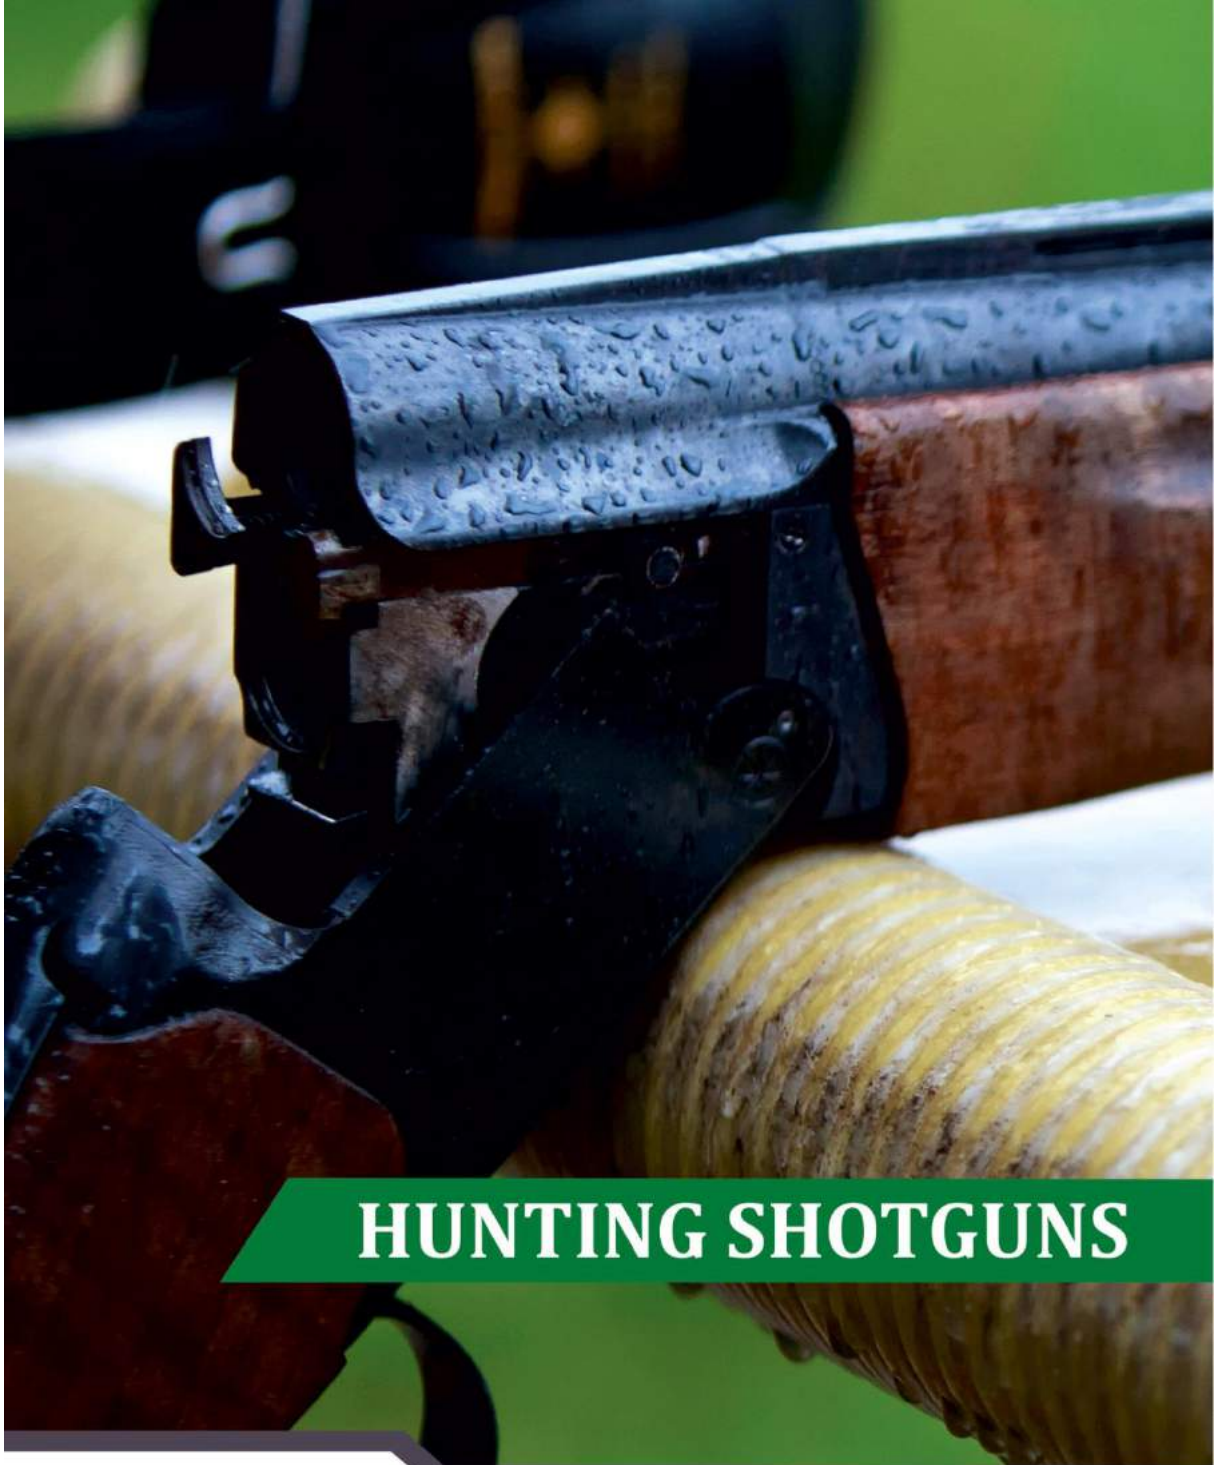

Since than, he gained many valuable friends from all over the world.

We call it Reliable Shooting and you call it Armed.

Enjoy your Armed shotgun and shoot in safe.

A detailed illustration of a forest scene. In the foreground, a deer with large, multi-tined antlers stands in a field of tall, green grass. The deer is facing left. In the background, several tall, slender trees with green foliage stand against a bright sky. Sunlight filters through the trees, creating a warm, golden glow. Another deer is visible in the distance, partially obscured by the trees.
