UNSTOPPABLE GERBER®

PRODUCT CATALOG

UNSTOPPABLE IS HAVING THE RIGHT TOOL FOR EVERY PROBLEM.

TOOLS MATTER.

YEARS OF INNOVATION MATTER.

A good tool enlarges your heart, extends your will.

It lets us interact with the world on the deepest level.

STONE, WOOD, FIRE, BLOOD, SNOT.

YOU'RE OUT THERE IN THE WOODS AND SWAMP AND THE SEA.

You're out there, in it.

YOU'RE UNSTOPPABLE

Badassador (noun) – doing whatever it takes, even if that's everything you got; finding out you have more inside than you thought; out there in the woods and swamp and sea, in it; the act of being Unstoppable.

Ø6 AUTO™ 1ØTH ANNIVERSARY EDITION

Honoring the American heritage and time-tested durability of the Ø6 Automatic family, Gerber proudly presents an innovative evolution of everything that made the original the best in its class. The Ø6 Automatic 1Øth Anniversary knife is a special edition celebration of Gerber's craftsmanship, design, and spirit. Thoughtful upgrades nod to Gerber's continued service to the US military: the Olive Drab green aluminum handle, the specialty stone washed finish on the S3ØV blade, as well as the commemorative reverse flag laser mark honoring those who serve. Born on the battlefield and tested everywhere else, this is a collectible not to be missed.

COMMUTER™

The Commuter is an everyday carry pocket folding knife designed and built in Gerber's Portland factory. It is just as portable as the ever-popular LST and American made US1 yet offers a slightly heftier design to fit into a larger hand. It can still be carried comfortably in a pocket, purse or backpack with very little weight added and offers an easy to open solution to daily tasks.

EDICT™ GREEN

An evolution of the popular Gerber Edict, this knife was designed for everyday carry. The full size, drop point blade features a fine edge with no serrations, allowing for maximum cutting and slicing capabilities. Constructed of American 154CM steel, the blade offers excellent edge retention and features Gerber's standard glass bead finish for minimal reflection. Dual thumbstuds allow for quick one-handed blade deployment and the knife's lock back closing mechanism provides structural integrity in heavy-duty applications. The glass-filled nylon handle features a large palm swell, a finger guard for heavy-duty work, and a rubberized diamond texture for a secure grip in all weather conditions. Proudly made in Portland, OR. .

"I have used mine with my Gerber too many times to count. From sighting in a gun to adjusting the sights on my bow. And it has saved my butt i don't know how many times when in the field while I was in the USMC. I was a Comm guy, and not the field radio kind, I supplied phone and internet in the middle of nowhere. Our kits were never complete, and most times I never even looked. I would just grab my Gerber, it was always on my belt. Love my Gerber."
