ARCHERY

2017 PRODUCT GUIDE

BOWHUNTING IS A DRALE

FUSE
ARCHERY

AND WE CAN'T GET ENOUGH.

They don't get it. They just hear about 4:00 mornings, grueling effort, and long sits. They've never watched the morning stars surrender to a sunrise. They've never felt their adrenaline spike to crunching leaves or gotten the shakes after a perfectly placed shot. They don't know—bowhunting only looks like a drag until you've experienced *the* drag.

SLIDER SIGHTS

ON POINT

DIAL IT IN.

Adjust to exact distance, hold your pin dead center and let it fly. Slider sights eliminate the guessing game and boost shot confidence. For those who want the best of both the slider and multiple-pin worlds, we've got you covered, too.

NEW CYBEX™ 5-PIN SLIDER

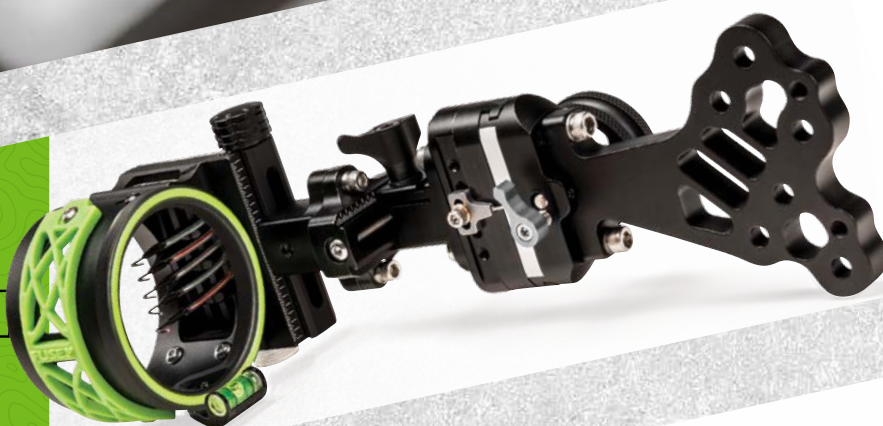

- Machined aluminum construction
- 8 interchangeable colored Stealth Bands included
- Coiled fibers for pin brightness
- 2nd & 3rd axis adjustability
- Pre-printed sight tapes included
- 3-stage sight light included

BREAK THE BUCK FEVER

CONQUER THE JITTERS.

FUSE Stabilizers are purpose-built to help you aim steady and execute with exactness, even when your adrenaline spikes at full draw. In addition to maximizing rig stability, FUSE stabilizers also kill noise and vibration using Stealth Disc and Shock Rod Technologies.

**NEW CARBON TORCH FX™**

- Custom rubber front dampener
- Stealth Disc Technology
- Three individual 1 oz. weights (removable)
- Carbon tube construction
- Available in 6", 8", and 10" configurations
- Comes standard with 8 different sets of colored stealth discs

**INTREPID™**

- Modular weights for customization of weight placement
- Optimized for stiffness and vibration reduction
- Time-tested Shock Rod Technology
- Available in 8 different Shock Rod color options

**STEALTHFLEX™**

- All-rubber design smothers noise and vibration
- Independent stealth discs deliver maximum dampening
- Available in 8 different Stealth Disc color options

**FLEXBLADE™**

- Flexible spine dampeners for crushing vibration
- Aerodynamic blade design
- Available in Black Out

**COLOR OPTIONS:**

Carbon Torch FX and Intrepid available in Realtree® Xtra™ and Black Out. Stealth Discs and Shock Rods available in 8 different colors.

MAKE 'EM QUIV

VECTOR XT STREAMLINE™

- Sits tight to the bow for increased balance
- Long-span design increases arrow security

- Hard-locking quick-detach dovetail mounting system
- Available in 6-arrow configuration

VECTOR™

- Advanced, lightweight, sturdy composite frame
- Versatile gripper design secures both large and small-diameter arrows
- Hard-locking quick-detach dovetail mounting system
- Available in 4 and 6-arrow configurations

NEW BLADE™ 4-ARROW

- Lightweight, machined aluminum construction
- Rock-solid, silent quick-detach mounting system
- Optional extension bracket (included) for obtaining clearance with slider sights
- Durable hook for silent hanging in your tree stand
- Versatile gripper design secures both large and small-diameter arrows

QUIVERS

VER

4 & 6-arrow Blade quivers come standard with optional extension bracket for clearance with slider-style sights.

NEW BLADE™ 6-ARROW

- Lightweight, machined aluminum construction
- Rock-solid, silent quick-detach mounting system
- Optional extension bracket (included) for obtaining clearance with slider sights
- Versatile gripper design secures both large and small-diameter arrows

COLOR OPTIONS:

All quivers available in Realtree® Xtra™ and Black Out.

REST EASY

ULTRA REST™

- Secures arrow in loaded position and precisely drops away at launch
- Cable-activated drop-away
- Easily adjusted for a perfect tune
- Quick, easy setup
- Available in Realtree® Xtra™ and Black Out.

PRO DROP™

- Engineered for perfect fletching clearance and ultimate accuracy
- Twin ball bearing assemblies deliver blazing-fast axle rotation
- Vertical and horizontal micro-adjustment for easy tuning
- Limb or cable activated
- Worry-free design secures arrow in position

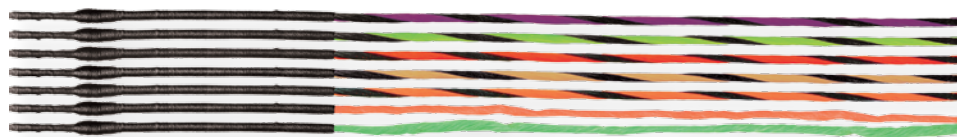

PRO BLADE TARGET REST™

- Arrow rest style of choice for top tournament archers around the world
- Comes with .010 launcher (.008 and .012 sold separately)
- Heavy-duty lockdown screws deliver solid performance
- Easy-use micro-adjustment system for simple tuning & precision

FUSE CUSTOM STRINGS

- Constructed, twisted and served under grueling preload
- Continuous tension technology
- Made from BCY string materials
- Available in an array of colors

FUSE STEALTH SHOT

- Stealthy, vibration-defeating technology
- Destroys recoil and potential arm slap
- Improves consistency of arrow departure

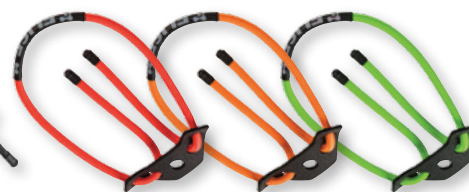

FUSE WRIST SLING

FUSE WRIST SLINGS

- Soft, comfortable and durable material
- Easy adjustability
- Pro Hunter Deluxe available in black and camo color options
- Pro Hunter available in red, orange, and green color options

PRO HUNTER DELUXE

CARBON X STABILIZERS

STEADY DOES IT

MIKE SCHLOSSER (NED)

- World Archery Outdoor Champion
- World Cup Finals Champion
- Vegas Champion
- The only archer in history to shoot a perfect 600 18M round. And he's done it twice.

CARBON X EXTENSIONS

- Available in 3, 4, 5 and 6-inch lengths
- Colors: Matte Black and Champagne

CARBON X WEIGHTS

(Available in Black and Silver)

- Available weights: 3 oz. base weight, 4 oz. stacked weight, 1 oz. disc weight, 1/2 oz. disc weight (5/16-24 threads).
- Available weights: 1.5 oz. recurve cap weight, 1.5 oz. recurve module weight, .75 oz. recurve module weight (1/4-20 threads)

STEALTH DAMPENER

- Kills vibration for a smoother shot
- Compatible with stabilizers & weights that use 5/16-24 threads

QUICK-DETACH V-BAR

- Available in 17-degree down/35-degree angle or straight/40-degree angle

REAR OFFSET SIDE ADAPTER

QUICK-DETACH SIDE BAR ADAPTER

QUICK-DISCONNECT 10-DEGREE DOWN

CARBON X TAPER™

- Convex, tapered design reduces mass weight and maximizes stiffness
- Dimpling and decreased surface area reduce wind resistance
- Dual-Stiffness Technology adds 23% more stiffness in the vertical plane (dimples oriented side-to-side)
- Advanced center of mass for unprecedented balance and performance
- Internal dampening technology
- 27", 30", 33" & 36" configurations in Matte Black or Champagne
- Includes a 3 oz. base weight and 1 oz. disc weight (5/16-24 compatible)

CARBON X SLIM™

- Small-diameter stiffness designed specifically for recurve shooters
- Dual-Stiffness Technology adds 23% more stiffness in the vertical plane (dimples oriented side-to-side)
- Aerodynamic dimpling
- 24", 27", and 29" configurations in Matte Black or Champagne
- Includes 1.5 oz. cap weight
- Compatible with 5/16-24 or 1/4-20 weights

CARBON X BAR™

- Light and extremely stiff side-rod design
- Dual-Stiffness Technology adds 23% more stiffness in the vertical plane (dimples oriented side-to-side)
- Aerodynamic dimpling
- 8", 10", 12" and 15" configurations in Matte Black or Champagne
- Compatible with 5/16-24 or 1/4-20 weights

COLOR OPTIONS:
Available in Matte Black or Champagne.
