New for 2017, the Hype DTX offers power and accuracy traditionally found in higher priced bows. Featuring a new perimeter weighted F.J.T.™ Cam System, the Hype DTX flexibly reaches draw lengths of 19-30 inches and over 55 pounds of draw weight adjustment without the need of a bow press. The 31" axle-to-axle paired with the ergonomic riser and grip design creates an accurate and stable shooting platform. The Hype DTX (Damping Technology) comes standard with a Dead End String Stop and Mathews Harmonic Stabilizer. These attributes create a feel well beyond its \$399 price tag.
