**WINTER
2019**

MESSAGE FROM THE PRESIDENT

This year, Taurus marks its 80th year of manufacturing quality firearms for civilian personal defense and professional defense consumers around the world. How will we celebrate such a significant milestone in our company's history? By continuing to build on the achievements that have made Taurus one of the most innovative manufacturers in the firearms industry. Last summer, we began construction of a 200,000-square-foot facility in Bainbridge, Georgia, that will serve as both a manufacturing center for Taurus firearms and as the new Taurus corporate headquarters. Although we have been firmly rooted in South Florida for many years, relocating to Bainbridge is another vital step in our company's storied evolution.

This new, state-of-the-art facility will expand our U.S. engineering and production capabilities—further strengthening our core manufacturing efforts as we continue to meet the rising expectations of today's discerning firearm consumers. Whether it's the legendary Taurus Judge®, the versatile Taurus Tracker™ family or the revolutionary Taurus Spectrum™, we've always pushed the boundaries of traditional firearm design—and 2019 will be no different. In addition to our proven lineup of go-to favorites, we are continuing to develop pistols and revolvers destined to set new benchmarks and provide confident performance for home defense, personal protection, and everyday carry.

As we celebrate eight decades of success, I would like to thank you for your ongoing support and for taking this amazing journey with us. I am truly excited about our new product offerings, our new expanded facility and, quite simply, what the future holds for Taurus and its loyal customers. We will continue to invest our time, ingenuity, and resources to ensure that, together, Taurus remains an industry leader for generations to come.

David Blenker
Taurus USA President and CEO

NEW

INTRODUCING THE ALL-NEW TAURUS® TX22. THE MOST ADVANCED 22LR RIMFIRE PISTOL ON THE MARKET.

Engineered to deliver best-in-class accuracy and reliability, this rimfire polymer sporting pistol shoots and feels every bit like a custom-tuned competition model—without any costly upgrades or modifications. From the short, smooth pull of its precision-designed Taurus Pittman Trigger System (PTS) to the built-in comfort of its ergonomic grip, the TX22 is one performance-driven full size that's ready to race. Right out of the box.

It's in our Taurus® DNA to get the job done and do it right. And we're not backing down from what matters most. We're proud to offer a variety of pistol models that reflect our unwavering commitment to product quality, innovation, craftsmanship and value.

TH9 SERIES

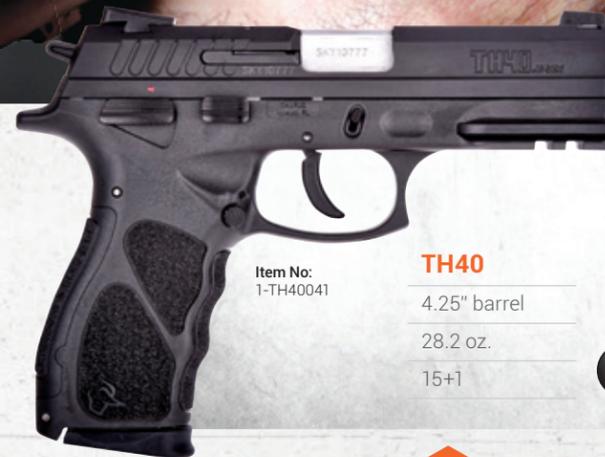

The **Taurus® TH** series of hammer-fired pistols. Well-equipped, ultra-dependable and chambered in 9mm Luger or 40 S&W, the TH series is a modern reinvention of the classic hammer-fired SA/DA semi-auto platform. Available in both full-size and compact models, the TH series is built on a polymer frame that boasts finger grooves along the grip, generous stippling panels and interchangeable backstraps (full-size only) for a custom fit.

Jessie Harrison

Competing—and excelling—in five different shooting disciplines, Taurus Team Captain Jessie Harrison has won both world and national championship titles—including the prestigious Bianchi Cup, the Steel Challenge World Speed Shooting Championships and numerous USPSA National Championships. In 2018 alone, Jessie took home top honors in a number of high-profile events and set a number of new personal and world records with her Taurus® in the process:

- US IPSC National Championships—Ladies Open Champion
- World Speed Shooting Championships—Ladies Open Champion (*New Ladies World Record*)
- World Speed Shooting Championships—2nd Overall Limited (*New Ladies World Record*)
- World Speed Shooting Championships—Ladies .22 Open Champion
- Georgia State Steel Championships—Ladies .22 Open Pistol Champion
- Georgia State Steel Championships—Ladies .22 Open Rifle Champion
- USPSA Area 6 Championships—Ladies Open Champion
- US Steel National Championships—Ladies Open Champion

The first female shooter to obtain Grand Master status in the United States Practical Shooting Association, Jessie is recognized as one of the most accomplished competition shooters in the world. And it's safe to say she's only getting better.

REVOLVERS

We believe that quality, accuracy and reliability should never be sacrificed for the sake of affordability. That's why every Taurus® revolver is the culmination of customer-requested features, impressive firepower and improved functionality for added peace of mind.

BIG. BOLD. DEVASTATINGLY ACCURATE.

RAGING HUNTER

The **Taurus Raging Hunter™** is a next-generation, big-bore revolver that's first in innovation—and built to last. Its revolutionary angular barrel design cuts down on overall weight, while its factory tuned porting and gas expansion chamber reduces muzzle lift for quicker target acquisition. Cushioned insert grips ensure a comfortable, controllable shooting experience.

PARTNERS

GUNS&AMMO

Award-winning Guns & Ammo TV, voted by viewers as the Best Shoot Show for four consecutive years, is one of the longest running shooting/firearms-centric shows on cable television. Co-hosted by Craig Boddington and Kyle Lamb, Guns & Ammo TV features exclusive gun, ammo, and optics range reports.

American Rifleman is the on-screen version of the National Rifle Association's American Rifleman magazine, "the world's oldest and largest firearm authority." American Rifleman is the pre-eminent source for accurate, compelling, authoritative information on all aspects of firearms and the shooting sports.

Airing on the Sportsman Channel, Handguns & Defensive Weapons combines the most popular features of two of the channel's most well-known shooting shows, Handguns and Personal Defense. It is co-hosted by Rich Nance and James Tarr and covers everything from competition and self defense to pocket guns and long distance rifles.

Everything Eichler is a closer look at the Eichler Field to Table lifestyle. They will share a combination of the daily challenges of ranching, farming and running an outfitting business in Colorado. This show will still include all of the extreme bowhunting and predator hunting action viewers love but will also include hunts with friends, family and clients.

WARNING concerning ammunition marked "+P" and "+P+". Taurus Firearms rated for "+P" ammunition are rated for Sporting Arms and Ammunition Manufacturers Institute (SAAMI) compliant "+P" ammunition. SAAMI does not recognize any "+P+" ammunition at all. It is DANGEROUS to fire "+P+" ammunition in any Taurus firearm and if you do so you may be seriously injured or killed.

In addition, it seems some ammunition marked "+P" is not SAAMI compliant either. There are only four calibers that can carry a "+P" rating from SAAMI. They are 38 Special +P, 9mm Luger +P, 38 Super Automatic and 45 Automatic +P. There are no other SAAMI approved "+P" loads. Any ammunition in any other caliber marked "+P" is not SAAMI compliant, may be dangerous and should not be used.

DANGER FOR "+P+"
Never use "Plus -P -Plus" (+P+) rated ammunition in any Taurus firearm. The Sporting Arms and Ammunition Manufacturers Institute (SAAMI) does not recognize such ratings and such ammunition can be very dangerous. Firing such ammunition can cause catastrophic failure in firearms resulting in serious bodily injury or death.

WARNING FOR "+P"
Only fire SAAMI rated Plus P ("+P") ammunition in Taurus Models designated by Taurus for +P use as below. Firing +P ammunition in other Taurus products may be dangerous and can result in serious bodily injury or death.

- 85 (most models) small frame revolver in 38 Special
- 850 small frame revolver in 38 Special
- 851 small frame revolver in 38 Special
- 85 Polymer small frame revolver in 38 Special
- 82 medium frame revolver in 38 Special
- 817 medium frame revolver in 38 Special
- All firearms chambered in 38 Super Automatic
- All firearms chambered in 45 Automatic (ACP)
- All firearms chambered in 9mm Luger

WARNING
Even if your Taurus firearm is rated for Plus-P ("+P") ammunition, such ammunition generates pressures significantly in excess of the pressures associated with standard ammunition. Such pressures may affect the useful life of the firearm or exceed the margin of safety built into many firearms. Unless you need +P ammunition, do not use it, particularly for practice.

Gallery of Guns TV brings the home shopping concept, but in this case for firearms, to the viewers. This one-of-a-kind show is designed to educate consumers on the unique features and benefits of select firearms from Davidson's GalleryofGuns.com.

With more than five million members, the National Rifle Association is America's longest-standing civil rights organization. While widely recognized today as a major political force and as America's foremost defender of Second Amendment rights, the NRA has, since its inception, been the premier firearms education organization in the world.

HAVA was conceived and organized in 2007 by a Committee of shooting sports industry executives to help the healing and re-integration of disabled veterans and injured active military. The ultimate goal is to increase their confidence and hope for the future by reconnecting with their love of the outdoors and the American traditions of hunting and firearms.
