Who we are

We are an Italian company that, since 2004 produces high quality aftermarket goods, firearm accessories and components for most of the weapons present on the market.

We operate within a wide range of sectors: dynamic shooting, clay target shooting, tactical shooting, and hunting. Our unique design and the vast choice of colors are some of the key contributors to our success. The excellent quality of our products is achieved by choosing only the best raw materials, by centralized manufacturing process and thanks to advanced technology machinery. We also guarantee you a swift and reliable after-sales customer assistance.

Now Toni Sytem boasts many collaborations with important brands, such as Beretta, and with professionals shooters from different sectors. Currently we have a distribution network in 26 countries globally.

(Production department)

Mission & Vision

Our ultimate goal is that of satisfying the needs of each customer through the creation and development of new products that are aligned with the latest development in the market, but without compromising the unique style that always distinguished us. We aim at keeping and ever improving our quality standards with passion and expertise and becoming one of the world's leading brands in the sector, for amateurs and professionals worldwide.

(From prototype to final product)

History

In the early 40's, the passion of Vito Toni for the construction of weapons, made him the forefather of this company. Over the years he was able to create a laboratory, sometimes purchasing sometimes creating and handcrafting the first working tools. During the 70's his son Franco Toni joined the company, with whom the passion and professionalism in the construction and repair of weapons is consolidated, the result of experience and passion handed over from father to son. In the 2000's, with the entry of Franco's son, Francesco Toni, the production of the first accessories for weapons began. It will be Francesco, using his creativity and knowledge in the field of weapons and background in mechanical engineering, to found Toni System, thus transforming a small local business into an innovating company exporting all over the world.

(Vito Toni in his workshop)

(Francesco Toni at 5 years old in family's workshop)

Territory and traditions

Toni System has its foundation in the heart of Italy, precisely in the Sabina territory, a land full of history and tradition. Each of our products represents the craftsmanship and know-how that characterizes Made in Italy worldwide.

(View of Magliano Sabina, picture of Antonello Ruggeri)

Toni System was born as a manufacturer of hunting and dynamic shooting components. Over the years we have always researched and developed new products and thus we have decided to differentiate two lines with two different logos: a line of accessories for sport shooting and hunting, with a dynamic design and a wide range of available colors and, on the other hand, a line of components designed for shooters in the field of defensive and tactical shooting.

TS products are dedicated to hunting and sport shooting, with dynamic lines and available in a wide range of colours.

TST products are light and resistant. On an aesthetic level they have an aggressive design, a minimal logo and colours available in black and sand.

Terms and Conditions

- Toni System reserves the right to make any changes it deems necessary for the improvement of the products displayed in the catalogue, and/or to implement price changes for the products in the catalogue at any time for production or Factory reason and or purposes, without prior notice.
- All images in this catalogue are for illustrative purposes only. The colors displayed in the catalogue may vary from the original products for technical or strictly printing related reasons.
- All photos, images and information in this catalog are property of Toni Vito Srl, unauthorized use and/ or distribution is prohibited.
- The prices displayed in the catalog are to be considered retail prices VAT included.

Warnings

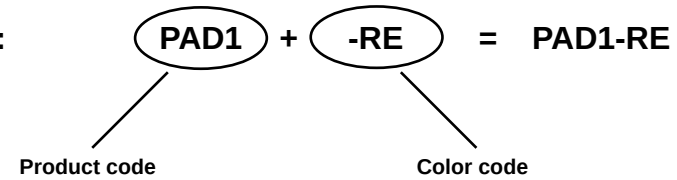

- Handle with care, open carefully. Assembly of some products may require specialized personnel with suitable equipment. Do not modify or tamper the parts. If you encounter difficulties in assembly, contact the company.

1911®, 2011®, Arex®, Arsenal®, Beretta®, Bul®, Canik®, Cz®, Fk Brno®, Glock®, Grand power®, Heckler & Koch®, Hs®, Phoenix®, Sig Sauer®, Smith & Wesson®, Springfield Armory®, Tanfoglio®, Walther®. This trademarks owned by their respective companies and used only for descriptive purposes.

How to order

To choose the color, add the color's code to the product code (separated by an hyphen)

Example (to order PAD1 Red):

Black - BK

Red - RE

Blue - BL

Grey - SI

Sand - SA

Orange - OR

Green - GR

Purple - PU

Brass - BR

- All aluminium components are colored by anodizing process.
- All polymer components are available only in black color.
- The colors tone could change by the time.

Grips comparative

High grip

Vybram grip

Sp grip

X3d grip

Track grip

Track hand grip

Track grip

Track grips and hand grips are designed to improve the shooter's comfort and thus his performance.

patent

The material used ensures that the grip is optimal even with sweaty or wet hands. In addition, being an insulator, gives the shooter excellent feedback even in colder weather.

patent

The special 3D texture and the ergonomic shape help counteract the recoil of the weapon.

Kit "Easy on"

Code	Description	Material	Weight	Price €
PADEO	+ 2 rounds	Aluminium	17,7 g - 0,62 oz	28,00
KITPADEO	Kit includes 5 base pads (+ 2 rounds)	Aluminium	-	119,00

Compatibility: Arex, Arsenal, Beretta 90's series, Canik, Cz (Shadow I-II), Sig, Tanfoglio (small frame), Walther.

The "Easy on base pad" are available also for STI 2011 and clones (p.130).
